

OCTOBER 4, 2014 CCA BOARD MEETING MINUTES:

Food Bank: At the beginning of next year we need to reassess our monthly contribution. We did receive \$150.00 in donations. Our balance is \$1,577.90

Road Curve : Art reported, that a Safety Engineer did look at the dangerous curve without notifying anybody. A community member happened to be there and reported, that they want to lower the speed to 25 mph, because they "don't have that kind of money to fix the road". Art intend to speak to the Secretary of the Governor.
The weight and length of trucks should be limited as well.

South Carson Road: Rick Chavez is not the Road Supervisor anymore, no one has been assigned yet. Art will contact Gabe Romero, our Commissioner and he will speak to Elsa. We might just need gravel to fix the bad spots.

Quanset Road: We need a community vote on Nov.8 to approve the expenditure of gravel to cover the rocks. Rob will make inquiries as to what the cost will be.

Neighborhood Watch Program: Art posted the signs, he will purchase more. It is not affiliated with the Police Department.
